(For 2:00 p.m. distribution to all exempt)

Because of the substantial growth of the Mobile Radio business and the ever increasing complexity of radio systems needed to serve both domestic and international markets, the Department's distribution organization is being restructured to meet our customer requirements.

Effective September 1, 1975, the following positions are established, reporting to the General Manager-MRPD.

- | | |
|--|---------------|
| • Manager-National Sales | W. Torbick |
| • Manager-Systems Engineering and Marketing | R. T. Buesing |
| • Manager-International and Headquarters Marketing | L. K. Elrod |

Concurrently, T. A. McKee is appointed Manager-Engineering reporting to the General Manager-MRPD.

The remaining positions reporting to the General Manager-MRPD include:

- | | |
|--|------------------|
| • Manager-Special Projects-Marketing | R. A. Giorgi |
| • Manager-Resource and Product Planning | A. C. Giesselman |
| • Manager-Power Line Carrier Operation | R. N. Keesee |
| • Manager-Mobile Manufacturing | J. F. Ponzillo |
| • Manager-Financial Planning and Analysis | H. D. White |
| • Manager-Employee and Community Relations | R. A. Holeman |

Jim McNerney promoted to President GE Information Services

Effective immediately, W. James McNerney, Jr. has been promoted to President GE Information Services, replacing Anthony L. Craig, announced Eugene F. Murphy, Senior Vice President, GE Communications & Services. McNerney will report to Murphy.

The promotion is a trip back to GEIS headquarters in Rockville, Maryland, for McNerney. Before joining MCB two years ago, he was Senior Vice President, Marketing & U.S. Sales for GEIS.

GE Information Services is a worldwide supplier of network-based services that integrate computers, software, and communications systems.

New pictorial directory to boost communication

GE is currently compiling a management directory of all exempt and nonexempt employees at GE Mobile Communications. For the First Time, this high-quality directory will feature a total pictorial organizational chart. We are confident this complete reference will enhance communication and teamwork within the company.

To ensure the photograph we use meets your approval, we are offering a choice of three options:

1. You provide us with a recent (within the last 2 years) black and white glossy print, head and shoulders, frontal pose. This **must** be received by our office **by** February 10. Send it to: Barb Smith, Marketing Communications, CSC Bldg., Room 4500.
2. You pose for a free professional photograph taken at GEMC. This should only take a few minutes of your time, and the advantage to this option is that you will have a professional photo in the PR file in the event of promotion announcements, etc. However, there will be **no further notice**: it is incumbent upon you to have it done.

The photographer will be here on the following days:

Wednesday, February 1

Monday, February 6

Thursday, February 2

Thursday, February 9

ALL PHOTO SESSIONS WILL BE IN THE CSC PST (16^{PLUS})
CONFERENCE ROOM BETWEEN 1:30 AND 4:30 P.M.

3. You do nothing. If you are satisfied with the ID badge photo taken recently, we will use that. In fact, all spaces will automatically be filled with those photographs (converted to black and white) unless we have received (A) a print from you, or (B) your new photo from the photographer.

Thank you for your cooperation.

David Miller, Manager

Steve Frackleton promoted to Product Manager-B&I Conventional

Steve Frackleton has been promoted to Product Manager-B&I Conventional reporting to Jack Farrell, Manager-B&I, Cellular Marketing, effective Monday, February 13. Steve will be responsible for defining and implementing a product development strategy for B&I conventional portable, mobile and station products.

"The attributes that made Steve a key cog in B&I and Cellular's success over the past years provide a solid base for him to succeed as the Conventional Product Manager," said Farrell.

Steve began his career with GE in 1982 in the International Trading Operation in New York City. He joined GEMC in July, 1985 as Manager-System Planning & Professional Services. He was promoted to Product Administrator in B&I and Cellular Marketing in August, 1987.

He graduated from the University of Massachusetts with a Bachelor's Degree in Marketing and finished with an MBA.

SEPTEMBER 15, 1986

Pat Murphy will also be acting for the next 60 days as Product Manager - Personals/Mobiles - B/I.

Effective September 29, James P. McConaty is appointed Sales Planner, Public Service Products, also reporting to me. Jamie's responsibilities will include formulating order forecasts and sales plans, obtaining Division pricing approvals as appropriate, generating sales promotions and merchandising plans, activities and announcements and acting as a primary interface between the Public Service Marketing team and the field.

Please welcome Pat, Ellen, David and Jamie to their new positions and extend to them your usual cooperation and support.

For your information, the following is the complete Public Service Marketing structure as of September 29.

John R. Haddock
Manager, Public Service Marketing
